BLOKit Anti-Drug Deterrent Spray

Can reduce cocaine usage up to 90%*

The world's first anti-drug surface spray specifically designed to deter recreational drug users who use public surfaces to cut and snort powdered drugs. BLOKit contains a unique non-toxic polymer which traps powdered drugs and sticks them to the surface to prevent snorting. A powerful bittering agent also deters swallowing, leaving a deeply unpalatable taste in the mouth for many hours after consumption.

Features & benefits:

- Reduces recreational drug use
- Powerful bittering agent
- 360-degree spray bottle
- Coating lasts up to 24 hours
- Safe to touch and non-toxic
- Does not stain surfaces or clothing
